Full disclosure: since I wrote this review, and in part because of our reactions to Starlight Sailor and I Took the Moon for a Walk, my wife and mother-in-law have become Barefoot Books distributors. Google Books calls the language in I Took the Moon for a Walk "lyrical", and they're not just tossing the word around casually. I have looked high and low and found no evidence at all that the words here are based on a song, but if they Carolyn Curtis, I Took the Moon for a Walk (Barefoot Books, 2004).
